For the fifth consecutive year, The Crispin Basketball School offers the best opportunity to develop your skills and learn from those who have excelled at every level in this sport.

This summer we will be offering our quality camp experience in three different sessions. Session A is our Introduction and FUNdamental Program for players entering 3rd-5th grade. We feel it is imperative that young players learn basic fundamentals and skills at an early age. With this camp we have two goals.

1. Get better by learning and developing your fundamentals and skills.
2. HAVE FUN!

Session B is offered to girls and boys entering 6th-8th grade interested in taking their game to a higher level. In past years we have had great success in the development of individual and team skills. All that we ask is that each participant works hard and comes to camp with an open mind and a strong will to learn and improve.

Session C is open to all girls and boys entering 9th-12th grade. The High School camp has seen a lot of talent throughout our Basketball School's existence. It is our job to perfect and "clean-up" the fundamentals while developing the individual and team skills necessary to be a highly effective High School basketball player. Many of the skills we work on are the same things that professionals and collegiate basketball players drill every day. We are proud to offer a challenging yet positive environment for our High School players.

Session A will be held at the **Pitman Middle School** from 9:00am-11:00am June 28th-July 2nd.

Session B will be held at the **Pitman High School** from 9:00am-12:00pm June 28th-July 2nd.
